School districts, county offices of education, or charter schools, collectively known as LEAs, that receive Elementary and Secondary School Emergency Relief (ESSER) funds under the American Rescue Plan Act, referred to as ESSER III funds, are required to develop a plan for how they will use their ESSER III funds. In the plan, an LEA must explain how it intends to use its ESSER III funds to address students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. An LEA may also use its ESSER III funds in other ways, as detailed in the Fiscal Requirements section of the Instructions. In developing the plan, the LEA has flexibility to include community input and/or actions included in other planning documents, such as the Local Control and Accountability Plan (LCAP), provided that the input and actions are relevant to the LEA's Plan to support students.

For more information please see the Instructions.

The following is a description of how the LEA meaningfully consulted with its community members in determining the prevention and mitigation strategies, strategies to address the academic impact of lost instructional time, and any other strategies or activities to be implemented by the LEA. In developing the plan, the LEA has flexibility to include input received from community members during the development of other LEA Plans, such as the LCAP, provided that the input is relevant to the development of the LEA's ESSER III Expenditure Plan.

For specific requirements, including a list of the community members that an LEA is required to consult with, please see the Community Engagement section of the Instructions.

A description of the efforts made by the LEA to meaningfully consult with its required community members and the opportunities provided by the LEA for public input in the development of the plan.

Budgeting and planning for ESSER III funding (and other Relief funding) were included as part of the development of the school's Response-to-Intervention (RTI) and Social-Emotional Support programs included in the schools Local Control and Accountability Plan (LCAP), the Learning Continuity and Attendance Plan, and the development of the Expanded Learning Opportunity grant planning process. Please reference the school's 2021-22 LCAP (located on the school's website: <https://www.liveoakcharter.org/charter-documents--reports.html> and the other plans referenced above.

In addition, planning for ESSER III funds (and other Relief funding) was included in the development and implementation of the school's Safe Return to In-Person Learning Plan and the school's Site-Specific Protection Plan (SSPP). As regards input from Civil Rights Groups, Tribes, and other advocates, the school evaluated its stakeholder engagement opportunities and determined that these groups are neither present nor served by the school.

Among other more focused feedback, the school's stakeholders generally recognized and acknowledged the need for school resources to be directed towards further improving pupil academic performance and providing social and emotional support services.
