Dear Live Oak Charter Families and Friends,

As we continue down this road together, it is important to recognize that we experience peaks and valleys much in the same way. We all share universal feelings and needs. Without being overly dramatic, I want to point out the obvious; this is all difficult and exhausting!

I want to recognize the hard work and many, many efforts and adjustments that we are making in order to support not only our students and their learning but also the community at large.

In the spirit of doing, learning, and evolving, I am asking for your feedback and input. Would you please take some time, about 10 minutes, to fill out the survey on distance learning 2.0?

Here is the link: [Distance Learning 2.0 survey.](#)

Also, I sincerely appreciate the communication efforts between parents and the teachers. There are many opportunities to collaborate on specific challenges during this time and I see many of you taking that initiative. As we develop and increase our understanding of what is and isn't working, we are able to respond accordingly in order to provide support that is laden with care and compassion.

Trust me, I know it isn't all perfect for anyone. We miss our students and we would love to be in class under "normal" circumstances. Yet, despite the imperfections, the level of effort given by the teachers, students and parents to conquer the vast variety of opportunities during these challenging times is unparalleled.

Onwards and Upwards!

Best,
Justin Tomola
Director
